

**Your full-service, digital
optical laboratory.**

Industry Leading Technology, Designs, and Coatings

WVA Optics provides a wide variety of the industry's highest quality materials to complement our leading digital processes.

- Extensive portfolio of both private label and branded designs and offerings
- Top-quality value lenses for your budget-minded patients
- Latest lens materials cut, edged, and finished to exact precision
- Full range of coatings, tints, and finishes

Value at all price points with our “would we sell it” guarantee.

OD Owned and Operated - Our Independent Advantage

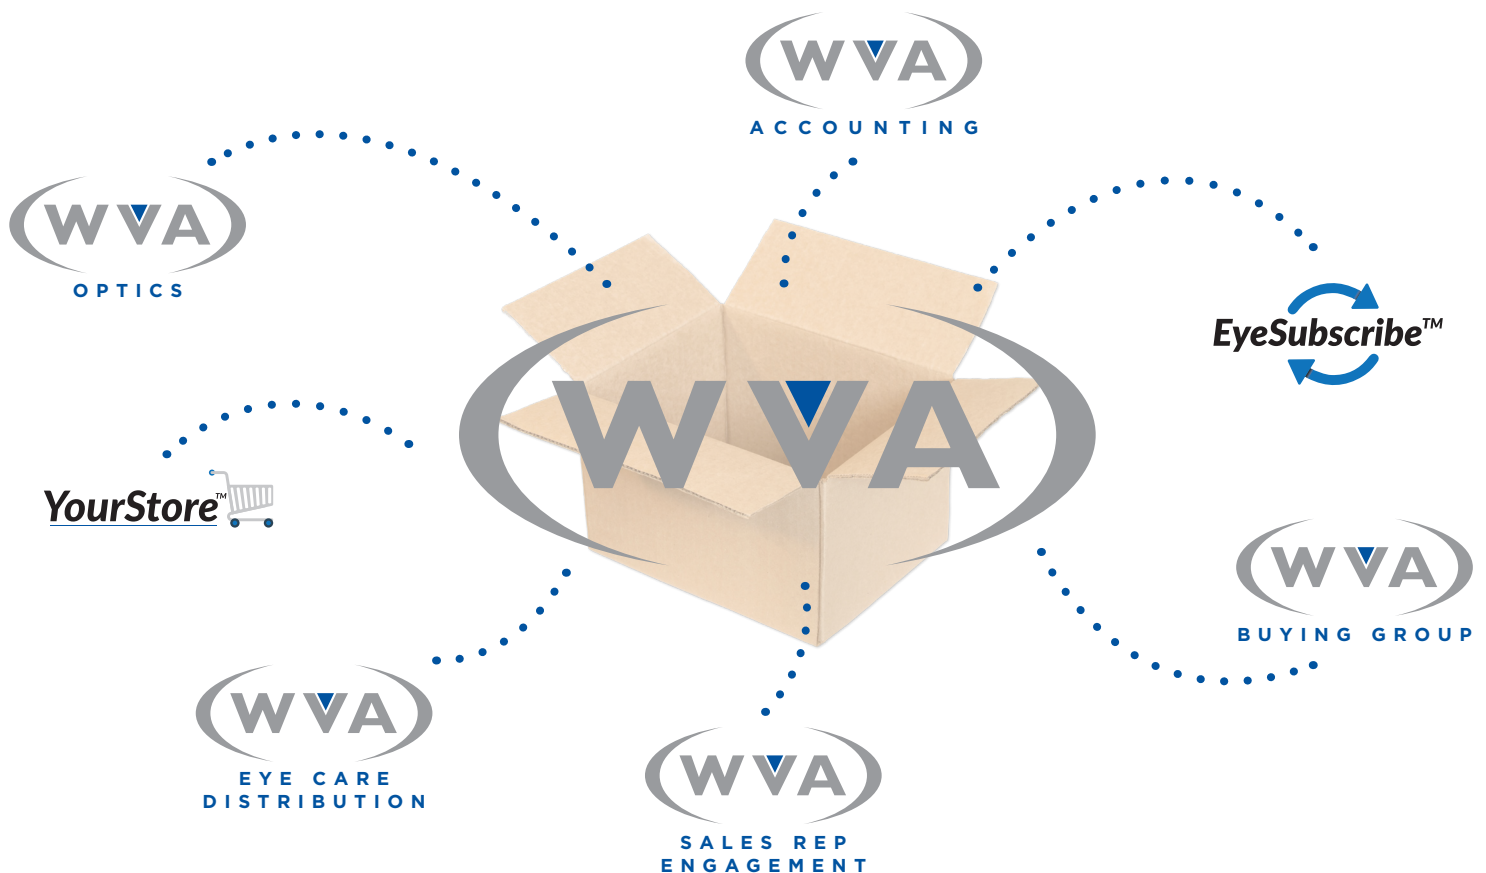

Being doctor-owned and independently operated means every decision and process is tailored with the OD in mind. Services and pricing are transparent and quality is ensured on every order. We won't sell it to you if we wouldn't sell it at our practice. Our founder, Dr. Robert Fait, demands that we put you first. We have and always will. It's who we are.

- **Swift job completion and delivery**
- **Complimentary next-day shipping on all lab jobs**
- **Consolidated shipping with your contact lens orders**
- **Easy-to-understand billing included right on your WVA statement**
- **No hidden fees or charges**
- **Friendly and knowledgeable customer service and sales reps that are ready to assist**

Consolidated Processes - Your One-Stop-Shop

Discover all the advantages that doctors depend on from WVA, now in WVA Optics. Uncover office efficiencies with our integrated processes like consolidated shipping with your contact lens orders. As always, you'll enjoy the benefits of our high-quality customer service and accounting, sales rep engagement, and buying group savings - all in one convenient, value-driven partnership.

Contact your WVA Sales Representative to find out how you may be eligible to earn volume rebates on your WVA Optics purchases!
